In the Supreme Court of Civil Justice, V. I.;

IN BANKRUPTCY;

Wednesday the fourth day of November, A. D. 1863.

WHEREAS A PETITION FOR ADJUdication of Bankruptcy bearing date the fourth day of November, one thousand eight hundred and sixty-three hath been duly filed by NATHAN G. LEVY, of Victoria, Vancouver Island, Trader, and he having been declared a Bankrupt is hereby required to surrender himself to David Cameron, Esquire, Chief Justice of the Supreme Court of Civil Justice, on WEDNESDAY the Eighteenth day of November next, at 12 o'clock at noon, precisely, at the Court House, James' Bay, Victoria, and make a full discovery and disclosure of his estate and effects, when and where the creditors are to come prepared to prove their debts and choose assignees and commence the examination of the Bankrupt. All persons indebted to the said Bankrupt or that have any of his effects are not to pay or deliver the same to any person but to WILLIAM CULVERWELL of Yates street, the Official Assignee, whom the Chief Justice has appointed, and give notice to ROBERT BISHOP of Government street, Victoria, Solicitor

no5 tf ROBERT BISHOP.

Supreme Court of Civil Justice of British Columbia.

WHEREAS THE COURT AUTHORised to act in the prosecution of a petition for adjudication of Bankruptcy filed on the third day of August, 1863, against EDGAR DEWDNEY, Auctioneer, Dealer, and Chapman, has on the application of the said Bankrupt, appointed a public sitting under such petition to be held before His Honor Matthew Baillie Begbie, Esquire, Judge of the Supreme Court of Civil Justice of British Columbia, on the 31st day of November, 1863, at 11 o'clock in the forenoon, precisely, at the Court House, New Westminster, for the allowance of the certificate of the said Bankrupt in conformity to the laws now in force concerning Bankrupts, according to the form and subject to the provisions of the statute passed in the Parliament holden in the 12th and 13th years of the Reign of Her present Majesty, intituled "the Bankrupt Law Consolidation Act, 1849." This is to give notice that such Court will sit at the time and place above mentioned for the purpose aforesaid, when and where any of the Creditors of the said Bankrupt may be heard against the allowance of such certificate, and the same will be allowed unless cause then and there be shown to the contrary, or such other order will be made therein as the justice of the case may require

JOB PRINTING.

☞ Book and Job Printing of every description neatly executed. Terms, cash on delivery of the work.

After a storm comes a calm, says the old proverb, and although the storm makes the most noise, so long as the good ship keeps in motion, she not unfrequently makes some headway during the lull that succeeds a turbulent storm, so we are content to trust it is with the mining operations and prospecting on this Island. A month ago excitement reigned amongst all classes, and quartz leads of fabulous value were predicted and looked for, whilst each day brought fresh specimens to confirm the hopes of the prospectors, and the faith of the mining interest. The town assumed quite an unwonted aspect of bustle and importance. At the present moment, we do not hear such constant reports of good strikes and good prospects, but nevertheless there has been no retrogression in our prospects. Indications of gold have frequently been found in this Island previously, but we believe that at no period since the first Fraser River excitement, has prospecting been carried on in Vancouver Island to such an extent as it is at present, the matter has been taken up seriously by practical men, and we believe the result of this Autumn's prospecting will be to place beyond a doubt the possibility of working gold diggings and quartz reefs in our immediate vicinity with profit and advantage. It would be premature to venture to predict the extent or limit of the discoveries, but if it be satisfactorily demonstrated that there is profitable employment for one thousand men in mining labour within fifty miles of Victoria, for even two or three years it will place our city in a better position than she has ever yet aspired to; there will be no sort of difficulty in raising any amount of capital for working mines within easy distance of the town, and the establishment of diggings in our own vicinity would give such an impetus to trade generally as would be worth more to Victoria than all the wealth of Cariboo. What we want in this colony is capital; when once it is brought here in sufficient quantities, we shall see no lack of business, no falling off in the value of property; when we see trade flourishing under the disadvantage of money being rated at a value unprecedented in England and in almost all old settled countries, we are naturally led to the reflection of what the profits and prospects of trade would be were money commanding a moderate rate of interest; again, as taxes are excessive in our small community, a mining population on the Island would give us an increase of population in the city, which would produce a corresponding increase in the exchequer, with a diminution of the individual burden of taxation. We may shortly expect a report from the north of the probable prospects of success of copper mines in this colony, and this is most unquestionably a subject of much interest and importance to every one of us, if we can establish our reputation as a good mining country; whether gold, silver, or copper, is to be the immediate source of wealth, prosperity must attend us. We have no fears for the future of Vancouver Island, but we believe that a favorable report from the northern expedition, will be of infinite service in rapidly building up her prospects and stability.

We understand that a petition is now in course of signature in the town, for the removal of the gaol from its present situation in the centre of the city, to a more secluded spot, and for the erection of a court house on the site of the gaol where the business of the county court may be carried on. We have so frequently urged the necessity of bringing the courts into town, that we can do no more than press our former arguments in behalf of that movement upon the public now and ask them by signing this petition at once to show that they think that in this respect the convenience of the public who may happen to be as suitors or jurymen or in any other capacity engaged in the court, ought to be considered. It is perhaps from the nature of the cases tried in the Summary Court more necessary that expenses should be, as far as possible, saved to the suitors in that court, not certainly for the encouragement of litigation, for we believe that nine tenths of the cases tried in small debt's courts might be settled outside, with advantage to the parties concerned, but in order to enable those who are compelled to have recourse to law to recover their just debts, with as little delay and at as small cost as possible, there should be a separate court in a convenient locality for trying small cases, and no better situation can be found than the site of the gaol. We should be heartily glad to see all our courts of law concentrated in that one point, and beyond doubt they must be erected there sooner or later, but there is another argument in favour of the present petition, which is worthy of consideration. The gaol ought not to be in the centre of the town, in the first place it is in imminent danger from fire, should such a direful calamity befall the city as a general conflagration. What, we ask, would become of the prisoners if a fire were to take place in the immediate vicinity of the gaol? Are their lives to be endangered, or are they to be set at liberty? Situated as the present prison is, we are at a loss to point out any other alternative; but if a substantial county jail and house of correction were to be erected, entirely detached from other buildings, there would at all events be something like security from danger of fire from general conflagrations. Add to this the nuisance that is caused to those living in the immediate neighborhood from the noise made by some of the inmates upon frequent occasions is intolerable. We have confined in the common prison several dangerous lunatics, and the idea that these unfortunate beings should be kept in a situation where their shouts and screams may be heard in some of the principal streets of the city, is, to say the least of it, discreditable to our government and to the colony generally. It is highly desirable that an entirely distinct building should be erected without the town for a lunatic asylum; but until there is such a separate establishment provided, it is certainly not too much to ask that both lunatics and prisoners should be put in some place of security where there would be no immediate neighbor to suffer from the contiguity. We suppose that there is not one other single instance of the jail and courts of law occupying such relative positions to the business part of any British town, as they do in this colony. We are glad to find that the inhabitants of Victoria have at length roused themselves to the consideration of these things. When the initiative is taken by the people through petition or any other constitutional means, redress as a matter of course very soon follows.

TO CONTRACTORS.

TENDERS ARE REQUIRED FOR THE excavation and removal of about 1800 yards of earth from Lot No. 119 on Store street. For specifications and particulars, apply at the office of the undersigned, where tenders will be received until the 30th of November, 1863.

BRISTOL'S SUGAR COATED PILLS

THE GREAT CURE

For all the diseases of the

LIVER STOMACH & BOWELS

Put up in Glass Phials, and warranted to

KEEP IN ANY CLIMATE.

These Pills are prepared expressly to operate in harmony with the greatest of blood purifiers, BRISTOL'S SARSAPARILLA, in all cases arising from depraved humors or impure blood. The most hopeless sufferers need not despair. Under the influence of these two GREAT REMEDIES, maladies that have heretofore been considered utterly incurable, disappear quickly and permanently. In the following diseases these Pills are the safest, the quickest, and the best remedy ever prepared, and should be at once resorted to.

Dyspepsia or Indigestion,
Liver Complaints,
Constipation,
Headache,
Dropsy,
Piles.

For many years these PILLS have been used in daily practice, always with the best results, and it is with the greatest confidence they are recommended to the afflicted. They are composed of the most costly, purest, and best Vegetable Extracts and Balsams, such as are but seldom used in ordinary medicines, on account of their great cost, and the combination of rare medicinal properties is such that in long standing and difficult diseases, where other medicines have completely failed, these extraordinary Pills have effected speedy and thorough cures.

Only 25 Cts. per Phial.

In this city, on Friday, the 20th instant, at the residence of his brother on Rae street, Mr. Finlay C. McKay, late of Reay Cottage, Caithness, Scotland, aged 30 years.

Friends and acquaintances are respectfully invited to attend the funeral from his late residence to the place of interment, on Sunday, the 22d instant, at p. m.

IMPORTS.

Per schooner WINGED RACER, from Port Angelos—400 bags oats 2½ bags turnips 6 live hogs 5 coops chickens—consigned to the captain. Value, $285.

THEATRE.—Last night the first Shakespearean play of this season, the touching tragedy of "Romeo and Juliet" was presented to the audience. The two principal parts in the play were taken by Mrs. Hayne and Mr. Taylor, Mr. Phelps assuming the difficult *role* of Mercutio. The other leading parts were filled by Miss Douglas as Nurse, Mr. Potter as the Friar, and Mr. Thorne as Tybalt. We have no hesitation in according most unqualified praise to the whole company for the able manner in which they represented this magnificent tragedy, although laboring under many difficulties and inconveniences. Mrs. Hayne, as Juliet, expressed the intensity of a loving truthful woman's heart most forcibly and faithfully; her tragic powers have certainly never before been equalled in this city. In the soliloquy before taking the sleeping draught, she was really magnificent, her words thrilling through the large assemblage like an electric current. Of the acting of Mr. Taylor, as Romeo, we cannot express too high commendation; his conception of the character was perfect, and his elocution and style unexceptionable. It is really a luxury to listen to the performances of this company, and we were heartily glad to see, by the very large and respectable attendance last night, including an unusual number of ladies, that our citizens are determined to give a cordial support to the efforts of Mr. Ward, the enterprising lessee, in his endeavors to bring forward the highest dramatic talent on the Pacific Coast. We learn that a large sum was spent in fitting up the stage for last nights performance, several new scenes having been painted, and a fine balcony constructed, from which Juliet addresses Romeo, in the third act. We understand that the play will be shortly reproduced, and we heartily recommend every admirer of the tragic muse to go and see Mrs. Hayne and Mr. Taylor before their engagements terminate; some time may elapse ere such an opportunity again presents itself. We would call the attention of the manager to one little grievance in connection with the theatre, that is, the disagreable noises proceeding from the stairs and outside passage, which last night on several occasions almost drowned the voices of the actors. In justice to the actors as well as the audience, this should be put a stop to, if possible.

The laughable farce of the "Youth who never saw a woman" finished the evenings entertainment, Mrs. Belle Divine taking her favorite character of Colin amid well deserved applause.

THE SHOOTING ON DOUGLAS STREET.—Stapleton *v.* Quarles. Annie Quarles again appeared before Mr. Pemberton yesterday to answer a charge of discharging a loaded pistol at Mr. Stapleton with intent to do grievous bodily harm. Mr. Wight stated that he feared that this case could not be settled out of court as an apology had been tendered which he thought ample, but it had been rejected. Mr. Pemberton—Then go on with the case. Mr. Stapleton here entered the witness box and deposed that he was assisting a drayman named White to load a dray in front of his house, when White observed, "This is a nice position to be placed in; there is a woman on the opposite side of the street pointing a pistol at us." Witness then saw Mrs. Quarles pointing a pistol towards them. He turned his back and heard the report of a pistol proceeding from that direction. He believed the said shot was fired by Mrs. Quarles with intent to do him grievous bodily harm. Mr. Wight said that from what had fallen from his Worship on the previous day he presumed his Worship only intended to bind the defendant over to keep the peace, and his client was willing to enter into recognizances. The prosecutor—That's all I want. Mr. Pemberton—I order Annie Quarles to enter into her own recognizance in the sum of £100 and two sureties in £50 each to be of good behavior for 12 months, or to suffer one month's imprisonment.

THE RACES—SECOND DAY.—Old Phœbus shed a more radiant lustre over the turf proceedings of yesterday, and Beacon Hill was consequently the centre point of attraction. The first race was the one for the Beacon Hill Stakes which was contested by Mr. Geo. Roberts' "Silvertail" and Mr. Mooney's "Wake-up-Jake," Mr. Shannon's "Pigeon" having been withdrawn. "Silvertail" was the decided favorite having beaten "Wake-up-Jake" considerably the day before, but Jake redeemed his character by winning both heats easily. For the Livery Stable Keepers' Purse Mr. Harris' "Jim" and Mr. Keenan's "Sir James Douglas" were the only two that ran "Joe Bowers" having been scratched. "Sir James" in the first heat displayed great speed and all but distanced "Jim," but in the second heat His Worship's plucky old gelding showed his metal and led "Sir James" to the winning post by about 15 yards. The latter was thereupon withdrawn and "Jim" walked over the course. A dispute having arisen on the second heat through the horse having got away without being properly started, "Jim" had to go round again before he could claim the stakes. The Pony Race afforded great amusement and was cleverly won by Mr. Richardson's "Punch," beating "Mousy" by a neck. The day passed off most agreeably.

GOLDSTREAM.—The recent heavy falls of rain appear to have thrown a damper upon operations at these diggings. Some of the partners in the John Bull Company were in town last evening, from them we learn that they had got down 20 feet with their shaft finding encouraging prospects, but the water overpowered them, and they have now fixed a good six-inch pump 30 feet long, which works well and draws two gallons to the stroke. They will return with large supplies of provisions and are determined to prospect their claim thoroughly. It is their opinion that the bed rock will be reached at 26 feet. The Ayrshire Company had been much troubled with water in their shaft, but are at work again.

☞ The steamer Otter arrived from Queen Charlotte's Island last night at 12:30 a. m. She brings back the party of gentlemen who some three weeks ago went up to visit and examine the Queen Charlotte copper mines, and who declare themselves well satisfied with the result of their investigations.

THE LYCEUM continues to be favored night after night with overflowing houses. The great attraction at present being "The Masquerade Ball," which never fails to produce roars of laughter.

FATAL ACCIDENT.—It is with sincere regret that we have to announce to the public the lamentable death of Mr. H. D. Munro, late of the firm of Messrs. Stewart, Meldrum & Co., of this city. Mr. Munro went up on the Otter on her trip to Queen Charlotte's Island, and was landed at Quatsecno, with several other gentlemen, the Otter proceeding on her way up the coast. The party left behind had gone out on a hunting excursion, and on returning from which they were all sitting round a fire, when the gun of one of the number, which he was holding across his knee, accidentally went off, sending a full charge of buckshot directly into the heart of Mr. Munro killing him almost immediately. The whole party were horrified at the fearful catastrophe, but were quite unable to do any thing for the unfortunate gentleman, the heavy charge having lacerated his breast in the most shocking manner. He was buried on the spot where he met with his death, the party intending to take his body to Victoria on the return of the Otter; owing however to the heavy rains the whole vicinity was flooded to a depth of two or three feet, and a party of sixteen Indians who were despatched for the body were obliged to give up the attempt. Mr. Munro was a highly respectable and intelligent man, and his painful death will be deeply felt by the entire community.

ASSAULTING AN OFFICER.—Henry Brookes was convicted yesterday by the police magistrate of assaulting officer Thackstone in the execution of his duty causing damage to his wearing apparel to the value of $2 50, and was sentenced to pay a fine of $25 or to suffer two month's imprisonment.

PHILHARMONIC.—We are pleased to notice that this Society whose performances afforded such delight in days of yore, is being resuscitated and will meet for practice in instrumental and vocal music during the winter months on Tuesday, Thursday and Saturday evenings, in Smith's Brick building, Government street.

SANGSTER ISLAND COPPER CO.—This Company has chartered the sloop Red Rover to convey miners and material to the promising mine recently discovered by Capt. Stuart. Operations will be prosecuted with vigor.

NIAGARA COMPANY.—A new company under this name has been formed to work a quartz lead near Gold Stream.

HOUSE OF ASSEMBLY. No meeting was held yesterday a quorum not being present.

☞ Wm. Copperman was further remanded for three days.

COMMITTEE ON CROWN LANDS.

This Committee met yesterday at 21:30, a. m. Members present—Dr. Trimble, Chairman, and Messrs. DeCosmos, Tolmie, and Duncan.

The examination of Mr. Tiedeman, C. E., was entered into by the Committee.

Ques. by the Chair.—How long have you resided on Vancouver Island? Ans.—Since 1858. Ques.—What is your profession? Ans.—Civil Engineer and Surveyor. Ques. Have you been employed in the Lands and Works Department of Vancouver Island? Ans.—I have. Ques.—When did you enter that office? Ans.—June, 1858, and remained until March, 1861. Ques.—How were you employed in that office? Ans.—Making surveys and maps. Ques.—Did you copy any maps? Ans.—Yes. Ques.—Do you recollect the date upon which you copied those maps? Ans.—No. Ques.—Was more than one person employed in making the same map? Ans.—No. Ques.—Were these maps of the town and districts? Ans.—I was first engaged on the town map of Victoria. Ques.—Was that in 1858? Ans.—Yes. Ques.—Is that map still in existence? Ans.—Yes. Ques.—Has there been any alteration in that map since that date? Ans.—Not any material one. Ques.—What do you mean by "material one"? Ans.—Additions have been made to the map as surveys proceeded, but no alteration was made in lines originally laid down, except where a line was incorrect. Ques.—Is the present map of the town in the land office exactly the same as that you made? Ans.—I cannot say, I have not been in the land office for three years. Ques.—Were there any suggestions made to you to make alterations in the map during your stay in the Land Office? Ans.—No. Ques. Was your map an original or a copy? Ans. I made the map from the original survey of Mr. Pearse and partly from my own survey. Ques.—Did you ever see Mr. Pemberton's original map? Ans.—I cannot say. Ques. Did you ever see any original map prior to making your own? Ans.—I saw two unfinished maps; I do not know the dates, as they had been made before I came to the office. Ques.—Did it strike you as at all singular that there should be two maps of the town differing from each other? Ans.—No; one was on a larger scale than the other. Ques.—Do you say that no alterations has been made in the maps to your knowledge? Ans.—None except my own alterations of incorrect lines. Ques.—It has been reported in town that Mr. Dallas went to you at the Land Office and induced you to make alterations in the map of the City; did he do so? Ans.—Not to me personally. Ques.—Did any other person try to induce you to make alterations in the map? Ans.—No, except Mr. Pemberton; when my alterations were made Mr. Pemberton suggested them. Ques.—Were the suggestions by Mr. Pemberton material suggestions? Ans.—No, they were not material. Ques.—Can you give the committee the boundaries of the map of the city of 1858? Ans.—It commenced on James' Bay, at the junction of Government street and Humboldt street, from thence following through the present Wharf street and Store street to Rock Bay; from there following Mr. Finlayson's property to the present Cook street, down to Humboldt street, along and including part of the Park, and following the line of Governor Douglas' property on James Bay to the Government Reserve and present Kingston street and Montreal street to the sea, between Ogden and Holland Points. Ques.—Did that include the Government Reserve on which the Colonial buildings stand? Ans.—It did. Ques.—How many acres were there in the Government Reserve? Ans.—There were ten acres. Ques.—Who laid out the ten acres? Ans.—I did by authority of the Surveyor General about the fall of 1858. Ques. Were you at that time acting for the Hudson Bay Company, under the direction of Mr. Pemberton? Ans.—I considered the Hudson Bay Company as the Government, and I always received my salary in their store. Ques.—What was the Surveyor-General's opinion in that matter? Ans.—I do not know. Ques.—Did the Hudson Bay Company make any objection to laying out the Reserve? Ans.—None whatever; only Mr. Dallas came and said I had taken away some land off his farm. I showed him the corner post of the ten acres, and then he said "I will see about it." The corner-post was placed by me at the southwest corner of the field.

By Dr. Tolmie.—What land joined the ten acres known as the Reserve to the south? Ans.—Buckley Farm. Ques.—What to the east towards Gov. Douglas' property? Ans. Gov. Douglas' land. Ques.—Were both Beckley Farm and the Governor's property fenced? Ans.—Yes, both. Ques.—Was there a ditch along the Beckley Farm fence? Ans.—Yes.

By Mr. DeCosmos—Was there not a road along the water front leading from Governor Douglas' property to Capt. Mouat's house? Ans.—A trail was there. Ques.—Did vehicles ever pass along that trail? Ans.—No; they could not, because the eastern fence of the Governor's property was close to the water's edge. I had even to move it afterwards to get lumber to the Government buildings.

By the Chair—Was there a road passable for vehicles along the water front of the Government Reserve from the corner of the Governor's fence to Capt. Mouatt's house? Ans.—There was; but I do not remember any passing.

By Mr. DeCosmos—Was there not a house on the Government Reserve? Ans.—There was.

By Dr. Tolmie—Were you frequently occupied on the Reserve in 1858? Ans.—Yes. Ques.—Do you remember having seen vehicles pass from the corner of Governor Douglas' fence to Capt. Mouatt's house? Ans.—I do not. Ques.—How could vehicles have got, then, to pass along that road from the Governor's fence to Capt. Mouat's house? Ans.—They could not pass in front, they would have had to come from the arm—that is my impression. Ques.—Had you to pull down part of the Governor's fence to get a passage that way? Ans.—I had to take down as much as makes the present road that way in 1859. Ques.—Was the fence on the south side of the Governor's property originally in a line with the fence of Beckley Farm already mentioned? Ans.—I cannot say; but it might have been. Ques.—When was the Governor's fence extended to the south? Ans.—I do not know; I was not here. Ques.—What property bounded the Reserve on the west? Ans.—According to the original lines it must take off some of the corner lots—on referring to the tracing—it must cut off some of the corner lots of blocks 38 and 39, according to the original lines.

By the Chair—Where did you see the original map of the Reserve? Ans.—There is a map on a large scale in the Land Office.

By Dr. Tolmie.—What was the extent of the original Reserve? Ans.—It was put down ten acres on the original map.

By the Chair.—Ques.—In laying out the ten acres on the map of the subdivision of Beckley Farm, why did you deviate from the lines of the original map? Ans.—I found out by plotting that I had not ten acres, for I could not make the lines come in; the blocks 38 and 39 were sold: the reason was the blocks on the west side of the reserve had been sold by the Company.

By Dr. Tolmie—Ques.—By whose authority did you make the deviation? Ans.—By authority of the Surveyor General Pemberton.

Ques.—Did he give you the same reason that you give now for making the change? Ans.—When I pointed out to him that it was short in this reserve of the original quantity, then he ordered me to give the Government reserve its proper quantity. Ques.—Did you find any stake or land marks, or surveyors' posts of any kind, showing that ten acres had ever been laid off as a reserve? Ans.—I did not find any on the west side, as the lots were laid out, at the south-east corner of the Government reserve I found one post dividing the reserve from Gov. Douglas' property.

By the Chair.—Ques.—Who put up that post? Ans.—I do not know.

By Dr. Tolmie.—Ques.—Can you point out on the tracing of Beckley Farm the subdivision where that post was placed? Ans.—I could not, because that place marked has been surveyed by Mr. Green, and I do not know the length of the line.

By the Chair.—Ques.—Was there a road or street at the back of the ten acres of the Government reserve laid out on the original map at the time you saw it? Ans.—There was.

By Mr. DeCosmos—Was there a road or street running from the Park along the south side of Gov. Douglas' property, and along the south side of what is now claimed by the Government as the James' Bay Reserve? Ans.—I observed only a road from the Park along the Governor's fence, but I do not know whether it ran any further. Ques.—Are you aware whether any of the fence of the Beckley Farm intersected the road last alluded to? Ans.—So far as I can remember there were some fences, but I do not remember whether they were only interior farm fences. Ques.—Was there any road or open space on the south side of the Reserve? Ans.—I do not know. Ques.—Was there a fence on the side of the road behind Gov. Douglas' property, separating the road from Beckley Farm? Ans.—There was. Ques. Where did that fence come from as on the map? Ans.—I cannot tell. Ques.—Where did the fence come from which you say intersected the road running south of the Governor's property towards Menzie's street, on the map? Ans.—I am not positive that it did intersect or join the boundary fence of the farm. Ques.—Are you aware, Mr. Tiedman, what is the area of the James Bay Reserve as claimed by the Government at present? Ans.—Exactly ten acres. Ques.—Did I understand you to say that the section of the James Bay Reserve marked Z was added in order to make good parts of the original reserve sold by the Hudson Bay Company as town lots, as specified in Blocks 38 and 39? Ans.—Yes.

By Dr. Tolmie—Who had the selling of the lands at the time the reserve was altered? Ans.—The Land Office.

By Mr. Duncan.—What year was that? Ans.—In 1858. Ques.—Was Surveyor-General Pemberton in the employment of the Hudson Bay Company at that time? Ans. Yes.

By Dr. Tolmie.—Have you a good knowledge of the piece of land designated Z or the tracing of the subdivisions of the Beckley farm? Ans.—I have. Ques.—Can you point out where the line of Beckley Farm ditch and fence would appear on the north or south side of the piece marked Z? Ans.—It would be the north line.

By the Chair.—When you laid out that Reserve, did you include part of the water of the Bay? Ans.—No.

By Mr. DeCosmos.—What is the area in the present Reserve, excluding the portion marked Z. Ans.—About eight acres. Ques.—Are you aware of the number of feet that the original front of the Reserve on the water edge extended westerly beyond the boundary of Menzies street? Ans.—I do not remember; I could if I had the original lines. Ques.—Can you find the surveyor's notes showing the number of feet? Ans.—I will look for them.

The Commitcee adjourned to Monday, at 11 a.m.

ROAD COMMITTEE.

This Committee re-assembled yesterday at the Land Office at 12:30 P. M. Present—Messrs. Street, Jackson, Carswell and Foster.

Examination of Mr. Pearse, Acting Surveyor General, continued:

Mr. Pearse stated that previous to Malcolm Monro's contract for the Metchosin Road, said road was not graded nor formed in any way, was very much out of repair and shaky and of an average width of about 15 feet. Tenders were advertised for to construct the Metchosin road. The lowest bid was not accepted; could not say why it was not accepted; perhaps the sureties were not good. He, Mr. Pearse, was absent at the time.

In answer to Col. Foster, Mr. Pearse stated that there was a reserve made by Government that they were not bound to take the lowest contract.

The lowest tender made to construct the Metchosin road was by Daniel Ross; amount $4,980. Contract was given to Munro for $5,940. The Surveyor General was absent at the time these tenders were offered. They were opened in the presence of the Colonial Secretary and the Attorney General. Presume the two together awarded the contract; the contract was signed in the month of June by the Surveyor General. Should be inclined to say that the award was made by the Colonial Secretary and the Attorney General, and that the Surveyor General fulfilled the award. Can say no further, not certain in the matter.

Do not keep the receipts in the Land office after the first month or two. They are to be found at the Treasury:

Receipts can also be seen in the cash book which we keep. Malcolm Munro received

on the 12th of July, 1862,	$1219 50
17th of July,	780 49
25th of July,	1434 33
2d of August,	2505 67
Total	$5940 00

I Believe that 9 miles is the correct distance from the junction of Metchosin and Esquimalt road to Parsons's bridge. There is no scale attached to the map or drawing—must be either 9 miles or 4½ miles.

Chairman.—Common report gives it 5½ to 6 miles, do you think it is more than that? Ans.—Yes.

Munro's contracts did not call for any work the other side of Parsons's Bridge, except the excavation.

Chairman.—What do you estimate the value per mile for macadamizing ordinary roads, where a line of road already exists, and on which both stone and gravel can be obtained—a road say of 20 feet in width?

Mr. Pearse.—Prices vary greatly; hauling the least distance makes a difference in the cost, a greater difference than the value of labor. Cadboro Bay road cost 50 cents per yard; Burnside Deviation, 101 cents per yard. It is impossible to form an exact estimate.

Do not know whether Munro sub-let any portion of the work. The contract with Mr. Titus was for work to be performed on the Langford Lake side of Parson's Bridge. Tenders were not advertised for; believe two or three made offers; am not sure; work was done at the particular request of Mr. Weir, one of the Road Commissioners. There was bad weather in Dec; would hardly pay to advertise for small contracts; Mr. Titus' contract was for $650.

Raising Parson's bridge cost $740. Contractor, Malcolm Munro. This contract was in addition to the $5940 paid him from the road. There were four bids viz.: J. R. McKiven, $720; Malcolm Munro, $790; John A. Cameron, $675; John Gastineau, $1512. Munro took it for $740. Cannot say why Munro took the contract $50 less than his tender; do not know why the lowest tender was not accepted in this case, except it may be that Mr. Wilcox, who proffered security for both, did not care to go security for Cameron alone.

Contracts will sometimes exceed the votes of the House of Assembly for road purposes.

Victoria and Cowichan, 1862—Contractor for road Mr. Thomson, $1,800. Tenders for this contract were advertised for.

The further investigation of this contract was postponed to enable certain documents to be sought for.

Chairman—Did the Surveyor General accept the road from Malcolm Monro as completed according to specification?

Mr. Pearse—It is his dury personally to examine and accept. Do not know if he did so in this case. No record is kept.

Cowichan to Nanaimo—Contract was made in 1862. paid in that yeas $200; balance paid in 1863; amount of contract, $3,150; believe tenders were advertised for. Cannot say of my own knowledge; papers of June, 1862, will give the information, if examined.

Chairman—How many tenders were there for this road?

Mr. Pearse—Many of these documents have got mixed and cannot be found in a moment; will endeavor to find them by next meeting of the committee.

The committee here adjourned to Tuesday, 20th instant.

Supreme Court.

(BEFORE HIS LORDSHIP CHIEF JUSTICE CAMERON.)

Jungerman *vs.* Prindle.—Mr. Ring, instructed by Mr. Bishop for plaintiff. Attorney General Cary, instructed by Mr. Drake, for defendant.

Mr. Ring opened the case for plaintiff, and told the jury that the action was for jewelry bought by defendant's wife from plaintiff; that defendant had sanctioned the purchase of the goods by his acts and implied authority. The value of the jewelry purchased was $1,250, all of which had been returned, but one diamond ring; $450 as the value of this ring, was claimed, including damages for loss of sale on the goods. Mr. Ring called Mr. Jungerman who gave evidence of the purchase by Mrs. Prindle, and that the defendant had on former occasions purchased goods for her, both being present: he testified as to the value of the goods, and the circumstances of the purchase.

Cross-examined by Attorney General Cary:—He told Mr. Prindle he would try and get the ring back, and had sent Romback, one of his workmen, to try and get it; did not give him $250, nor any other sum to buy it back.

Robert Romback sworn:—Was a workman at Jungerman's at the time referred to; had frequently seen Prindle and his wife together in the shop ordering goods prior to 23rd march; had been sent by Jungerman to Prindle's house with a bill for $1125; presented the bill to Prindle, who said it was extravagant, but would see Jungerman about it; was present when Prindle brought back some of the goods; did not recollect the conversation that ensued; heard Prindle ask for receipts for the goods brought back, which Jungerman said he would give. Could not tell what amount of goods were brought back.

Cross-examined.—The bill was sent the same morning as purchase; the goods were returned a few days afterwards; called again on Mrs. Prindle at the Star and Garter about two months after, having heard that she wanted to sell the ring; was not sent by Jungerman; did not know that he was aware of her trying to sell it; bought the ring for $240, on his own account, and sold it to Jungerman for $290 (M. Cary here begged His Lordship to prevent the Counsel on the opposite side from interrupting him so frequently—Mr. Ring objecting to a great many of the learned counsel's questions); bought a pair of bracelets also from Mrs. Prindle; did not pay anything for them; did not receive them; spent that night in company with Mrs. Prindle.

Robert Bishop, sworn.—Is Attorney for plaintiff; had been at Prindle's house on 23rd or 24th March; knew of the separation between Prindle and wife; had tried by Prindle's request to get a portion of the jewelry back; Prindle told him subsequently they had made it all up and that he had got back all the jewelry but the ring. Prindle also said that Jungerman should not lose a cent by him, and asked him (Bishop) to try and get the ring; Mrs. Prindle would not give it up; knew that Prindle was very wealthy; the quarrel between them was about $5,000 Prindle had given her; Prindle was worth $30,000 to $40,000. He said if he was let alone he would settle Jungerman's claim.

Mr. Cary addressed the jury for the defense calling their attention to the fact of the attorney for the wife being also the attorney in this case; he said that a husband was not obliged to pay bills contracted for jewelry to such amounts as the present; the law distinctly laid down that a husband was only obliged to provide the wife with necessaries. He asked the jury if diamond rings, six in number were necessaries for any man's wife in this Colony.

Mr. Cary called Mr. Prindle, who swore most distinctly that he had never authorized the purchase of this jewelry, and had repudiated it at first sight of the bill; he had returned all the goods except the diamond ring, which he could not find; had never in any way promised to pay any part of the bill. Cross-examined, in reply to Mr. Ring, said that he lived at about the rate of $300 per month; at the time of those purchases kept a man servant, but not in livery; did not keep a governess.

Mr. Ring in a speech of over an hour in length addressed the jury, claiming that the husband was liable for the debts of the wife, while together; that it was not essential that the goods should be necessaries.

His Lordship charged briefly, that the goods were not necessaries, and it was for them to decide whether the defendant had made himself liable for the amount claimed. Verdict for plaintiff for $200 and costs.

Henness *v.* Perrin,—An undefended case; the Attorney General, instructed by Mr. Drake for plaintiff, claimed $4,000 damages, sustained by plaintiff on account of defendant having sold him a mining claim to which he had no title.

Mr. Pearkes had entered an appearance, but had no instructions to defend. The service of notice was proved and the plaintiff was called to prove his case, and the evidence of two witnesses taken on commission was read. A verdict was given for the plaintiff for $3,500.

The common jury were discharged till Thursday next; the special jury on the case of Allen *v.* Lascelles, and the Oppenheimer Bros. will sit on Monday.

Sabbath Desecration.

EDITOR BRITISH COLONIST—SIR: In the *Chronicle* of the 11th instant appears an article with the above caption, signed "A Respector of Days." This correspondent solicits the new councillors the "City Fathers" our guardians for the coming year, to take this motto in hand, and to do something to enforce an outward observance of that day, which by Christians in all ages has been set apart for rest and religious observance."

Were I a City Father, I think if I noticed this motto at all my first effort would be to lecture this outward observing Christian upon tolerance, charity, and progressive common sense theology.

He deplores the state of the existing merchandising carried on in Yates street on the Lord's day, and thinks if Victorians desire the name of a Christian city, a stop must be put to said traffic. Without wishing to provoke a biblical or theological controversy, I must say I cannot find any more authority or reason for substituting the first day of the week for religious worship than the 7th, or any one day more than another.

The Jews claim the 7th day; the Christians the first day; the Mahommedans another day, the Chinese still another; the Hindoos yet another; the Persians still another; and the Egyptians another. Thus all the days in the week are religiously appropriated by the different worshippers of their God. The North American Indians believed that all days—every day—belonged to the Great Spirit, and life a perpetual Sabbath to worship Him in.

What better authority has any one religionist than another concerning the fitness of worship days? Shall the Jew and Christian war to the knife for days and sacrifices (mere outward observances), and then settle down into a compromise for each to observe this one day, while all others must be subjected to their rule? Inspiration has declared that "God has made of one blood all nations; and that "He is not a respector of persons, but will hear and bless all who sincerely call upon Him," etc. Christians and Hebrews are but two out of 1,050 sects on earth, and pray who in the order of nature made them judges and rulers over the rest?

"Pray what difference can there be
Twixt tweedle-dum and tweedle-dee?"

Is not the Christian's God the same as the Jew's Jehovah? And will he listen on the 7th day and close his ear on the 1st, or *vice versa?* Is not Buddha the same as Alla? Oh ye blind guides, are not honesty, justice, benevolence, and charity, Christian virtues? Ought not man "always to pray, and never faint?" And is not sincere aspiration of heart prayer? "A new commandment I give unto you, that ye love one another." Love then one day, and higgle and knave all the rest of the week! But I must not lecture, as I'm not a City Father?

Wise and liberal legislators have for a long time ignored distinction of days; and hence laws of toleration and progressive freedom. If worship days become things of legislative or corporative creation, then one day may be changed for another—one substituted for another, and the Christian victory of to-day become the Hebrew triumph of to-morrow; and the Christian's success on the following, etc. Wisdom is not much understood by the sectarian zealots, in "compassing sea and land to make one proselyte,' they too often forget the Arab proverb,—"That curses like young chickens still come home to roost."

But why would this "Respector of Days" set the City Council at loggerheads with the Colonial Government, who grant licenses to sell various articles on the Lord's Day, as well as days nominally not His. Hotels sell food, lodging, shelter, etc. Druggists sell not only prescriptions, but the contents of Pandora's box on the Christian's day as well as the Jew's day; essentially then the grand Sanhedrim of colonial authority gives the right, under qualified restraints, to sell, by keeping open house, shop, etc., etc. If a man is ragged, shirtless, shoeless, hatless, dry, sick, got the toothache, wants to take the air for his health, etc., etc. shall he not buy each and all of the comforts and needs' of the different shops, etc. Shall he not be allowed this freedom, or must he bow to a "A Respector of Days?"

May I ask this correspondent, if he uses his choice and claims the liberty to attend St. John's or Christ's Church, the Presbyterian or Synagogue, or stay at home? Whether he eats pork and beans, or fruit and bread? Whether he drinks tea and coffee, wine or whiskey, or only water? Whether he uses tobacco or cloves, or neither? Whether he wears a black coat and white cravat, or grey habiliments and fancy tie, or "gold and azure," or purple and fine linen? Finally, does the advanced liberality and progress of the nineteenth century leave him in the free choice, and protect him in the performance of religious and civil liberty? If so, then please remember—"As ye would that others should do unto you, do ye even so unto others."

Yours, for equity in trade and freedom of conscience in religion, TOLERANCE.

[We insert this one letter from "Tolerance," on the score that we profess to allow free discussion in our columns, but we must inform our correspondent that such discussion must be on secular subjects. We have no wish whatever to encourage theological controversies, regarding them as out of place in the columns of a newspaper. We must, however, in giving publicity to this letter, express our most decided dissent to the ideas and tone of the writer. He has spoken of many religions; we are at a loss to perceive that he himself reveres any. We have been accustomed to the good old English customs and observances, and must own to a predilection in favor of a due regard being paid to the Sunday as a day of rest. Our correspondent is in error in stating that the Chinese set apart any day of the week for religious observance. They do not do so. Neither do Hindoos. Persians and Egyptians, being for the most part Mussulmani, or Mahommedans, observe the Friday; but it is no part of their creed to abstain from labor on that day. The few followers of Zoroaster left in Persia keep no weekly day of rest. If our correspondent knew anything of the Buddhist faith, he would not confound its founder with the Allah of the Mahommedans. —ED. COL.]

Sunday Trading.

EDITOR BRITISH COLONIST—SIR: I have just arrived in Victoria, with the full intention of making this my home. I find it a beautiful spot, a magnificent site for a city, and under the able administration of Governor Douglas all appears business like, and English like with one exception viz.: the observance of the Sabbath.

When I landed after a tedious voyage of two months, eight days of which were Sundays passed on board ship, and Oh, in such a form! and passing through towns and cities which appeared not much to regard that holy day—I really thought that I should have found in Victoria, Vancouver Island, a regard for the laws of England, and the God of Heaven, in whose worship she prides herself more than the other nations of the earth.

I should not have troubled you with my thoughts on this subject had I not been painfully grieved at the the sight which Yates street presented on Sunday morning last; perhaps the principal reason of my writing is to endeavor, with the finger of scorn, to point out the man who, writing on such an hypocritical style in the *Chronicle* of this morning, signs himself Yates Street. His very words betray him, where in one part of that letter he offers to stake one hundred dollars, and on the other speaks of the Salvation of the Lord. Can such an one have an interest in the welfare of his fellow man? Do we not gather from his ideas that he is a man to be shunned, a double minded man unstable in all his ways?

I must say that I agree with that gentleman who in the *Chronicle* of Tuesday morning, signed himself "A Respector of Days." Either the Mayor or the magistrates should look into the matter, and see that Victoria does not become what it appears she is fast approaching unto, a second San Francisco. Surely it requires no new law to compel shop keepers to keep their places of business closed, particularly when we read in the dispatch of not a very late date that a magistrate fined four or five farmers for saving their hay on a Sunday! Now common sense is the judge of all laws, and while I would not have done the same as this magistrate did, I would certainly do all in my power to stop such practices as shaving, boot-cleaning, selling meat and clothes, etc., to such people as are residents. An exception could be made in favor of travellers, those who have just arrived from Cariboo. These are not the men who keep open the shops on a Sunday morning, but it is they who are too lazy to buy and get shaved on a Saturday.

Again I am told, that while San Francisco and Portland respected God's day, here in Vancouver Island a British Colony, one of the children of the Imperial Parliament of Great Britain and Ireland, it is disregarded. Here the mail steamers come and go, here the merchant leaves his church to repair to his counting house, here he answers his letters, here he calculates on his speculations, here he upsets his mind altogether for worship, and at home remains cross and unpleasant towards his wife and family during the remainder of the day.

How long, Mr. Editor, can such things last?
I remain, yours, &c.,
A RESPECTOR OF THE SABBATH.

☞ At the State Fair held in 1860, Grover & Baker were awarded the highest premiums for their Sewing Machines and Machine work. In 1861 the same awards were made them; likewise in 1862; and thus far at every State and numerous District Fairs held in 1863, they have received the highest premium when exhibited in competition with other machines. Among others, in 1863, we are apprised of First Premiums at the Oregon, New York, Vermont, Iowa, Kentucky, Illinois, Indiana, and Michigan State Fair. Certainly no better evidence of the superior merits of the "Grover & Baker" need be adduced than the fact that their "new style" noiseless machine has invariably taken the palm, and borne off the highest honors in every instance, when exhibited since its introduction in 1860.

HYDROPHOBIA.—This dreadful malady is so rare in California that we have never before had to chronicle such an event. But the dog that broke that big mirror of Heuston, Hastings & Co., the celebrated Clothiers of Lick House, San Francisco, must certainly have been mad and no mistake; we understand the above firm have had a magnificent mirror manufactured by Cameron & Whittier expressly to replace the one the dog broke.

HOLLOWAY'S PILLS.—Fever, Influenza.—For the subjugation of disease and the preservation of health it is all important to maintain the purity of the blood, and to keep its channels clear, that no foulness or obstructions shall impede the life-sustaining current. By these means are Holloway's Pills all-powerful in restoring and protecting the human frame and freeing it from fevers, influenza, congestions, inflammations, neuralgic and gouty pains—in short, from the many dangerous maladies arising from bad blood. A *pure circulation* is good security for life and health; when it is right the nerves are in excellent condition, and on the order, harmony, and completeness of these two systems depends the perfec-

QUICK CURES.
QUICK CURES.
QUICK CURES.

THE TRUE TEST.

Doctor Radway guarantees that his READY RELIEF will not keep the patient in doubt as to certainty of cure. In all cases where pain is experienced RADWAY'S READY RELIEF will, in a few minutes, prove its marvellous efficacy, and one bottle is sufficient to satisfy the most skeptical of its superiority to all other remedies. In curing Rheumatism, Neuralgia, Gout, Pain, Aches, and other infirmities—while in attacks of Diarrhœa, Bilious Cholic, Inflammation of the Bowels, Chills and Fever, one or two doses is sufficient. In cases of Sprains, Strains, Cramps, Spasms, Headache, &c., its application will promote ease at once. One dose internally and one application externally will stop any ordinary pain, and one bottle cure any ordinary disease.—Price 25 cents. *

DR. HOSTETTER'S STOMACH BITTERS.—The stomach is the fountain head of scores of diseases which infest the human system. Indigestion, bad enough *per se*, generates diarrhœa, dysentery, faintness, vertigo, palpitation of the heart, general debility, &c. Get rid of it, then, at once, by going through a course of

DR. HOSTETTER'S STOMACH BITTERS,

A palatable and refreshing preparation, which as surely relieves all complaints of the stomach and its dependencies, as the sunshine melts the snow. A course of the medicine may not perhaps be necessary. One bottle frequently accomplishes a complete cure.—Sold by all druggists and dealers every where. *

BRISTOL'S SARSAPARILLA.—Thirty years of triumphant success has given this pure Vegetable Antiseptic a reputation immeasurably in advance of every medicine for the cure of scrofula and all other ulcerous and eruptive diseases. The most eminent physicians, journalists, and medical writers have borne witness to its almost miraculous efficacy. It has saved and is now saving the lives and limbs of thousands. Even in cases pronounced hopeless it has never been administered in vain. For scrofula, erysipelas, salt rheum, sore legs, abscess, cancer, tumor, syphilitic and mercurial diseases, and all cutaneous distempers, it is the only remedy.—To be found in every first class drug store. *

TO RATIONAL INVALIDS.—A few plain, earnest words, with such of you as suffer from Indigestion and its usual accompaniments, Habitual Costiveness. You want relief without prostration, a rapid cure without pain. The means of obtaining that relief, of accomplishing that cure, is tendered to you in BRISTOL'S SUGAR-COATED PILLS, the only cathartic and alterative in existence which reopens the obstructed passages of the bowels without a qualm or a pang, and restores to the stomach and liver the vigor stolen from them by disease. This genial aperient never enfeebles any organ, or reduces the general strength. On the contrary, it infallibly renews the natural health of the digestive and secretive functions. Rarely will it be necessary to call in a physician where this safe and all sufficient family medicine is kept in the house. The vials contain ten doses each, and the pills have this great advantage over all ordinary purgatives—time does not impair their properties. Obtainable at all respectable drug stores. *

DR. HOSTETTER'S
STOMACH BITTERS.

THE OPERATION OF THIS PALAtable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

MEDICAL ASSISTANCE.

RADWAY'S READY RELIEF.
THE GREAT EXTERNAL AND INTERNAL REMEDY,
STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,
AND
RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.
ITS FIRST INDICATION
Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.
If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;
Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.
IF SEIZED WITH PAIN
In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;
One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.
If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH
CHOLERA, or Diarrhœa, or Flux;
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF
SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So *swift* is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.
Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES
first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Billious Cholic, Flux, Yellow, Typhoid and Malarius Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country storekeepers.

THE SUFFERER'S BEST FRIEND!

HOLLOWAY'S PILLS.

All Disorders affecting the Liver, Stomach, and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels In all diseases it is of primary importance to set the stomach right These pills are purifiers, alteratives and strengtheners of the stomach. They may be taken under any circumstances. Though powerfully tonic and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness, Their general aperient qualities well fit them for a domestic medicine, particularly for females, of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

In Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air tubes, and assist in dislodging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague
Asthma
Billious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of Bowels
Consumption
Debility

Dropsy
Dysentery
Erysipelas
Female Irregularities
Fevers of all kinds
Fits
Gout
Head-ache
Indigestion
Worms of all kinds

Inflammation
Jaundice
Liver Complaints

Church Bank House.

Boarding School for Young Ladies!

THE STEADY SUPPORT AND UNIversal satisfaction expressed by the parents and guardians of the pupils in the above establishment, have proved the success of Mrs. Wilson Brown's system of education; and feeling that her school is now founded as one of the Institutions of the Colony, she is determined further to promote its usefulness by making such arrangements as will enable her to receive an addition to her present boarder-pupils upon most reasonable terms. At the same time she begs to inform her friends that she has engaged the best talent available in the Colony to aid her in the careful training of those entrusted to her charge.

The routine of the school comprises all which is meant in a solid practical English education, to which may be added by efficient teachers the French, German, Spanish, and Italian languages; Music, Drawing, Painting (in oil and water colors), plain and fancy Needlework, Dancing, etc.

(With power to add to their number.)

Secretary pro tem.......... A. F. MAIN.

ABRIDGED PROSPECTUS

THE OBJECT OF THIS COMPANY is to supply STEAM POWER to Mining Companies in Cariboo.

Companies on the meadows and other portions of Williams Creek have been prevented from sinking their shafts and working their claims through want of machinery to keep out the water, and many old Companies, owning proved and rich paying claims, have lost their shafts, and in addition to incurring heavy expenses, have been prevented from taking out gold known to exist there.

A few steam pumps would have effected the necessary drainage, and have rendered this valuable property at once available.

This company **has received an offer** from the members of the four following companies, viz:

The Lilly of the Valley;
The Rockland;
The Mountain Rose, and
Homeward Bound.

Holding between them about 9,500 feet of ground, to assign 400 feet from each company, or 1,600 feet in all to the Cariboo Steam Engine Company, to be work d free of all assessments, provided the Company will supply an engine and pumps. The four companies agree to erect the Engine, after it is delivered on the ground, or to run it at their own expense; each of the companies paying in addition $40 per day for hauling dirt, and $10 per day for pumping, as soon as pay is struck,

The ground held by these companies is situated on the meadows adjoining Williams Creek, at right angles, a short distance below Cameron Town The claims are at the foot of the Hill, where the PRAIRIE FLOWER COMPANY have just struck a rich and defined lead of coarse gold, which, from the nature of the ground, can scarcely fail to pass through the whole of these four claims

The cost of suitable engines and pumps in Victoria will be about $4 000; weight, about 8 tons; freight to Williams Creek, about $8 000. Total cost, delivered on Creek, about $12,000.

The prospects of a large return on the original outlay are therefore very favorable, while the capital would be represented by the machinery, which might under any circumstances be turned to profitable account.

The operations of this company will, it is confidently hoped, demonstrate the great advantage of machinery as applied to mining in Cariboo, and meet with such success as to justify the Company in extending their operations with safety and advantage.

Temporary Office of the Company

HELMBOLD'S

Genuine Preparation,

HIGHLY CONCENTRATED

Compound Fluid Extract

BUCHU!

A Positive and Specific Remedy

FOR DISEASES OF THE

BLADDER, KIDNEYS, GRAVEL,

—AND—

Dropsical Swellings.

THIS MEDICINE INCREASES THE POWER of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY OR CALCAROUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN AND INFLAMMATION, and is good for

MEN WOMEN, AND CHILDREN

HELMBOLD'S EXTRACT BUCHU,

FOR WEAKNESS

Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuses, attended with the following Symptoms:

Indisposition to exertion, Loss of Memory, Weak Nerves, Horror of Disease, Dimness of Vision, Universal Lassitude of the Muscular System, Hot Hands, Dryness of the Skin, Loss of Power, Difficulty of Breathing, Trembling, Wakefulness, Pain in the Back, Flushing of the Body, Eruptions on the Face, Pallid Countenance

These symptoms, if allowed to go on, which this Medicine invariably removes, are followed by

Impotence, Fatuity, Epileptic Fits,

In one of which the patient may expire.

Who can say that they are not frequently followed by those "DIREFUL DISEASES,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, but none will confess.

The Records of the Insane Asylums, and the Melancholy Deaths by Consumption,

Bear ample witness of the truth of the assertion The CONSTITUTION ONCE AFFECTED WITH ORGANIC WEAKNESS requires the aid of medicine to strengthen the system, which

HELMBOLD'S EXTRACT BUCHU

Invariably does. A trial will convince the most skeptical.

Females, Old or Young, Single, Married, or Contemplating Marriage.

In many affections peculiar to Females, the EXTRACT BUCHU is unequalled by any other Remedy, as in Chlorosis or Retention, Irregularity, Painfulness or Suppression of Customary Evacuations, Ulcerated or Schirious State of the Uterus, Lucorrhœa or Whites, Sterility, and for all complaints incidental to the sex, whether arising from indiscretion, habits of dissipation, or in the decline or change of life as the symptoms above

NO FAMILY SHOULD BE WITHOUT IT.

Use Helmbold's Extract Buchu

For all affections and diseases of the URINARY ORGANS, whether existing in MALE or FEMALE, from whatever cause originating, and no matter of how LONG STANDING. Diseases of these organs require the aid of a DIURETIC.

HELMBOLD'S EXTRACT BUCHU

Is the great Diuretic, and it is certain to have the desired effect in diseases for which it is recommended. Evidence of the most responsible and reliable character will accompany the medicines.

CERTIFICATES of CURES

From eight to twenty years standing, with names known to Science and Fame.

HELMBOLD'S EXTRACT BUCHU

CURES

Secret Diseases

In their last stages; little or no change in diet; at little expense; no inconvenience, and no exposure. It causes a frequent desire and gives strength to urinate, thereby removing obstructions preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in the class of diseases, and expelling all poisons, diseased and worn out matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "poison" has, by the use of "powerful astringents," been dried up in the system, to break out in an aggravated form, and PERHAPS AFTER MARRIAGE.

CERTIFICATES FROM PHYSICIANS

BOSTON, July 17, 1860

MR. HELMBOLD—DEAR SIR:—I have used your Extract Buchu in diseases of the bladder and kidneys with the most happy results, and I feel assured I never used an article of medicine that produced a more sure and certain relief for the complaints for which it is recommended.

JACKSON F. STEWART, M. D.

CINCINNATI, Oct. 21, 1860.

MR. HELMBOLD—DEAR SIR:—I have used your Extract Buchu in diseases of the bladder, kidneys, gravel and dropsy in my practice, and have witnessed such signal results arising from its use, that I have no hesitation in adding my testimony to the recommendations already given in favor of it.

Very respectfully.
D. WEBSTER HAINES, M. D.

PITTSBURG, May 14th, 1863.

MR. HELMBOLD—DEAR SIR—Having used your medicines for some years in my practice, I can confidently recommend them to be all that you claim for them in dropsy, gravel, and diseases of the bladder and kidneys.

Truly yours. W. F. CLINTON, M D.

BALTIMORE, April 13, 1857.

MR. HELMBOLD—DEAR SIR:—I am a physician of twenty-five years standing. I have prescribed your Extract Buchu in the various affections of the bladder and kidneys, and they have in all cases given the utmost satisfaction. I confidently recommend them to the profession as invaluable medicines, paramount to all others as a safe and speedy remedy in all cases of sickness for which it is recommended.

Very respectfully yours,
ROBT. F. GREEN, M. D.

"Physicians Please Notice."

We Make no Secret of the "Ingredients."

HELMBOLD'S EXTRACT BUCHU

Is composed of Buchu, Cubebs, and Juniper Berries selected with great care. Prepared in Vacuo.

BY H. T. HELMBOLD,

Practical and Analytical Chemist, and Sole Manufacturer of

HELMBOLD'S GENUINE PREPARATIONS,

PHILADELPHIA.

AFFIDAVIT:

Personally appeared before me an Alderman of the city of Philadelphia, H. T. Helmbold, who, being duly sworn, doth say his preparations contain no narcotic, no mercury, or other injurious drugs, but are purely vegetable.

Sworn and subscribed before me, this 23d day of November, 1857.
